Special Issue on

Advances in Homology Theory of Higher Structure Algebraic Groups and Fiber Bundles

Call For Papers

A new Special Issue Advances in Homology Theory of Higher Structure Algebraic Groups and Fiber Bundles (http://www.pamjournal.org/sinfo/141028) has been launched in *Pure and Applied Mathematics Journal* (http://www.pamjournal.org). This Special Issue intends to collect research achievements concerning Homology Theory. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Megan Khoshyaran Affiliation: Economics Traffic Clinic, Paris, France

Papers Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript by http://www.pamjournal.org/submission

Topics of Interest Include (but not limited to):

- Show the utility and the applicability of research in this field
- Bring together both theoreticians and applied scientists in this field
- Explore recent research in the field of homology theory of higher structure algebraic groups

Important Dates

Submission Deadline: Feb. 20, 2020 Publication Deadline: Apr. 20, 2020

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below: http://www.pamjournal.org/jsgt/141028

- Widen the scope of public interest
- Discover new areas of research in this field
- Provide different viewpoints on various aspects of this field
