

# Special Issue on Numerical Analysis and Control Theory

## Call For Papers

A new Special Issue *Numerical Analysis and Control Theory* (<http://www.applmath.org/sinfo/148017>) has been launched in *American Journal of Applied Mathematics* (<http://www.applmath.org>). This Special Issue intends to collect research achievements concerning number analysis and control theory. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

### Lead Guest Editor

Lead Guest Editor: Mohammad Mousa-Abadian

Affiliation: Shahed University, Tehran, Iran

### Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://www.applmath.org/submission>

### Topics of Interest Include (but not limited to):

- ◆ Numerical solution of delay differential equations
- ◆ Numerical solution of fractional delay differential equations
- ◆ Stabilization by the delayed feedback method
- ◆ Numerical solution of fractional differential equations
- ◆ Numerical solution of stochastic differential equations (recently)
- ◆ Stability analysis of delay differential equations

### Important Dates

Submission Deadline: **Jul. 10, 2020**

Publication Deadline: **Sep. 10, 2020**

### Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
