*American Journal of Applied Mathematics* (http://www.applmath.org) is really excited to announce the new special issue *Application of Nonlinear Analysis* (http://www.applmath.org/sinfo/148018). This Special Issue represents an effort to capture current developments in Nonlinear Analysis. Novel insights as well as fundamental research and analyses around the topics are welcomed. We are eagerly looking forward to seeing various Author’s submissions along with their ingenious works.

**Call for Paper**

Potential authors are humbly requested to submit an electronic copy of their complete manuscript by [http://www.applmath.org/submission](http://www.applmath.org/submission)

**Topics of Interest include (but not limited to):**

- Application of measure of noncompactness
- Partial Differential Equations
- Approximation Theory
- Fractional Differential Equations
- Application of Fixed point

**Join as Guest Editor**

For scholars who have intention to join the special issue as guest editor, please check out the link below:
