

Special Issue on

**Synthesis and Fabrication of Light Weight Structures for Engineering Applications**

# Call For Papers

A new Special Issue *Synthesis and Fabrication of Light Weight Structures for Engineering Applications* (<http://www.ajmsp.org/sinfo/150002>) has been launched in *American Journal of Materials Synthesis and Processing* (<http://www.ajmsp.org>). This Special Issue intends to collect research achievements concerning Light Weight Structures for Engineering Applications. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

## Lead Guest Editor

Lead Guest Editor: Mr. Lokesh Kanchugaranhally Sriramamurthy

Affiliation: Department of Nano Technology, Srinivas Institute of Technology, Mangaluru, India

## Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via

<http://www.ajmsp.org/submission>

## Topics of Interest Include (but not limited to):

- ◆ Synthesis of Nano Materials
- ◆ Thin film Deposition Techniques
- ◆ Machinability Studies on Composite Materials
- ◆ Preparation and Processing of Advanced Ceramics
- ◆ Testing of Materials
- ◆ Material Characterization

## Important Dates

Submission Deadline: **Mar. 10, 2020**

Publication Deadline: **May 10, 2020**

## Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
