

## Special Issue on Near Surface Geophysical Imaging

# Call For Papers

A new Special Issue *Near Surface Geophysical Imaging* (<http://www.esjournal.org/sinfo/161017>) has been launched in *Earth Sciences* (<http://www.esjournal.org>). This Special Issue intends to collect research achievements concerning Geophysical Sciences. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

### Lead Guest Editor

Lead Guest Editor: Mahmoud Elhussein  
Affiliation: Cairo University, Cairo, Egypt

### Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://www.esjournal.org/submission>

### Topics of Interest Include (but not limited to):

- ◆ New approaches for interpreting potential field data.
- ◆ Applying geophysical techniques in environmental investigations.
- ◆ Solving inverse problem using new techniques.
- ◆ Using geophysics in mineral exploration.
- ◆ The effectiveness and accuracy of each geophysical technique in reaching the target
- ◆ The priori information which are needed for each geophysical technique to be effective

### Important Dates

Submission Deadline: **Dec.20, 2019**  
Publication Deadline: **Feb. 20, 2020**

### Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
