

Special Issue on Cell Wall Remodeling and Stress Responses

Call For Papers

A new Special Issue *Cell Wall Remodeling and Stress Responses* (<http://jplantsciences.org/sinfo/215018>) has been launched in *Journal of Plant Sciences* (<http://www.jplantsciences.org>). This Special Issue intends to collect research achievements concerning Plant Science & Stress Responses. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Hui-chen Wu

Affiliation: Department of Biological Sciences and Technology, National University of Tainan, Tainan, Taiwan

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://jplantsciences.org/submission>

Topics of Interest Include (but not limited to):

- ◆ Cell wall compositions and metabolism profiles
- ◆ The transcriptome study of cell wall-modifying genes
- ◆ Abiotic and microbial challenges
- ◆ Cell wall –mediated plant immunity
- ◆ Ca²⁺ and H₂O₂-based signaling associated with cell wall remodeling
- ◆ Genetic modification of plant cell walls for biofuel production

Important Dates

Submission Deadline: **Dec. 25, 2019**

Publication Deadline: **Feb. 25, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
