American Journal of Nano Research and Applications (http://www.ajnano.org) is really excited to announce the new special issue Recent Advances of Nanomaterials and Devices (http://www.ajnano.org/sinfo/226032). This Special Issue represents an effort to capture Advances in Nanomaterials. Novel insights as well as fundamental research and analyses around the topics are welcomed. We are eagerly looking forward to seeing various Author’s submissions along with their ingenious works.

Call for Paper

Potential authors are humbly requested to submit an electronic copy of their complete manuscript by
http://www.ajnano.org/submission

| Submission Deadline | Jul. 10, 2020 |
| Publication Deadline | Sep. 10, 2020 |

Topics of Interest include (but not limited to):

- Zinc oxide (ZnO) and Gallium nitride (GaN) Nanomaterials
- Doping issues of ZnO and GaN nanostructures
- ZnO and GaN based Nanodevices
- Synthesis, characterization and manipulation of ZnO and GaN nanomaterials and nanostructures
- Nanowires, nanorods, Nanotubes, Nanoparticles, nanobelts and quantum dots
- Fabrication characterization techniques of ZnO and GaN
- Modeling and simulations of ZnO and GaN nanostructures
- Recent Challenges of ZnO and GaN Nanodevices

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
