

Special Issue on

Detection of Pesticides and Their Effects on Enzymes

# Call For Papers

A new Special Issue *Detection of Pesticides and Their Effects on Enzymes* (<http://www.biochemmolbio.org/sinfo/244003>) has been launched in *Biochemistry and Molecular Biology* (<http://www.biochemmolbio.org>). This Special Issue intends to collect research achievements concerning Pesticides. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

## Lead Guest Editor

Lead Guest Editor: Hatice Palüzar

Affiliation: Department of Chemistry and Chemical Processing, Trakya University, Edirne, Turkey

## Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://www.biochemmolbio.org/submission>

### Topics of Interest Include (but not limited to):

- ◆ In vitro effects of pesticides
- ◆ The mode of action of plant protection agents such as insecticides, fungicides, herbicides, and similar compounds
- ◆ Enzyme inhibition
- ◆ Biochemistry
- ◆ Environment chemistry
- ◆ Pesticide biosensors

### Important Dates

Submission Deadline: **Jan. 10, 2020**

Publication Deadline: **Mar. 10, 2020**

## Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
