

Special Issue on

Advances in Enhanced Oil Recovery for Conventional and Unconventional Reservoirs

Call For Papers

A new Special Issue *Advances in Enhanced Oil Recovery for Conventional and Unconventional Reservoirs* (<http://ijogce.org/sinfo/268013>) has been launched in *International Journal of Oil, Gas and Coal Engineering* (<http://www.ijogce.org>). This Special Issue intends to collect research achievements concerning Oil Usage & Reservoirs. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Guoqing Jian

Affiliation: Energy and environment directorate, Pacific Northwest National Laboratory, Richland, Washington, USA

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://www.ijogce.org/submission>

Topics of Interest Include (but not limited to):

- ◆ Novel chemicals (polymers, surfactant, nanomaterials, and their hybrids)
- ◆ Novel analytical methods such as Nuclear Magnetic Resonance(NMR) for unconventional reservoirs
- ◆ New oil and gas development process especially for unconventional reservoirs
- ◆ New mechanisms of interfacial and fluid transport phenomenon
- ◆ New models and algorithms for reservoir simulation
- ◆ Microfluidics and nanofluidics

Important Dates

Submission Deadline: **Jan. 10, 2020**

Publication Deadline: **Mar. 10, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
