### Special Issue on

## **Recent Advances in Novel Polymeric and Polymer-Nanocomposite Materials for Biomaterial Applications**

# **Call For Papers**

A new Special Issue Recent Advances in Novel Polymeric and Polymer-Nanocomposite Materials for Biomaterial Applications (http://www.ajpst.org/sinfo/316005) has been launched in American Journal of Polymer Science and Technology (http://www.ajpst.org). This Special Issue intends to collect research achievements concerning Polymeric and Polymer-Nanocomposite Materials. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

#### **Lead Guest Editor**

Lead Guest Editor: Dipankar Chattopadhyay

Affiliation: Department of Polymer Science and Technology, University of Calcutta, West Bengal, India

#### **Papers Submission**

Potential authors are humbly requested to submit an electronic copy of their complete manuscript by http://www.aipst.org/submission

#### **Topics of Interest Include (but not limited to):**

- Application areas of polymer, polymer composite/nanocomposites materials in biomaterials
- Processing of the polymer, polymer composite/nanocomposites materials and performance
- Synthesis of the polymers, and polymeric
  Physical properties of the composite/nanocomposite materials
- Theory of polymers and their simulation
- polymeric materials
- Polymer and polymeric material testing

#### **Important Dates**

Submission Deadline: Nov. 20, 2019 Publication Deadline: Jan. 20, 2020

#### Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
