

Special Issue on Conducting Polymers and Their Applications and Future Prospects

Call For Papers

A new Special Issue *Conducting Polymers and Their Applications and Future Prospects* (<http://www.ajpst.org/sinfo/316006>) has been launched in *American Journal of Polymer Science and Technology* (<http://www.ajpst.org>). This Special Issue intends to collect research achievements concerning Conducting Polymers. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Peter Foot

Affiliation: Department of Chemical and Pharmaceutical Sciences, Kingston University, London, UK

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://www.ajpst.org/submission>

Topics of Interest Include (but not limited to):

- ◆ Patterning and Functionalization of polymers
- ◆ Composite conducting polymers
- ◆ Energy storage and supercapacitors
- ◆ Chemical sensors polymers
- ◆ Polymeric drug delivery systems
- ◆ Nanostructure of conducting polymers

Important Dates

Submission Deadline: **May 30, 2020**

Publication Deadline: **Jul. 30, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
