

# Special Issue on Emerging Technologies in Digital and Analog Communication

## Call For Papers

A new Special Issue *Emerging Technologies in Digital and Analog Communication* (<http://ajset.org/sinfo/325001>) has been launched in *American Journal of Science, Engineering and Technology* (<http://www.ajset.org>). This Special Issue intends to collect research achievements concerning Digital and Analog Communication. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

### Lead Guest Editor

Lead Guest Editor: Neha Sharma

Affiliation: Department of Electronics & Communication Engineering, Rama University, Kanpur, India

### Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://ajset.org/submission>

### Topics of Interest Include (but not limited to):

- ◆ Digital circuit techniques, architectures of systems and devices
- ◆ Architectures and Implementations for SOC applications, circuit approaches for clock generation and distribution
- ◆ Low Power VLSI architecture
- ◆ Technology scaling in Digital & Analog Communication Systems
- ◆ FPGA or ASIC based system design
- ◆ Linear turbo equalizer

### Important Dates

Submission Deadline: **Mar. 25, 2020**

Publication Deadline: **May. 25, 2020**

### Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
