Special Issue on
Evolutionary Algorithms (AEs) for IOT

Call For Papers

A new Special Issue *Evolutionary Algorithms (AEs) for IOT* (http://www.ajset.org/sinfo/325007) has been launched in *American Journal of Science, Engineering and Technology* (http://www.ajset.org). This Special Issue intends to collect research achievements concerning IOT. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Nour El-Houda Benalia

Affiliation: Signal and Communication Laboratory, Polytechnic National School, El Harrach, Algeria

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via

http://www.ajset.org/submission

Topics of Interest Include (but not limited to):

- Disseminate original, scientific, theoretical research in area of IoT, and bioinspired methods
- Design of IoT platform presenting a fog embedded computing declination dedicated to diverse domains of interest
- Aqueduct the significant gap between research and practice by promoting the publication of original, novel, industry-relevant research
- Apply of these methods and their implementations in an IoT / Big Data platform
- Seek original and unpublished research papers based on theoretical or experimental works for the publication globally
- Look for the advanced bioinspired methods

Important Dates

Submission Deadline: **Aug. 30, 2020**

Publication Deadline: **Oct. 30, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
