

Special Issue on Synthesis of Small Molecules for Drug Discovery and Development

Call For Papers

A new Special Issue *Synthesis of Small Molecules for Drug Discovery and Development* (<http://www.ajoch.org/sinfo/341001>) has been launched in *American Journal of Heterocyclic Chemistry* (<http://www.ajoch.org>). This Special Issue intends to collect research achievements concerning Small Molecules. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Damoder Reddy Motati

Affiliation: Department of Pharmaceutical Sciences, Union University, Jackson, USA

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://www.ajoch.org/submission>

Topics of Interest Include (but not limited to):

- ◆ Drug discovery and medicinal chemistry
- ◆ Design and synthesis of molecules of biological interest
- ◆ Synthesis and biological evaluation of small molecules and complexes
- ◆ Synthesis/isolation of natural products and their derivatizations
- ◆ Synthetic methodologies towards biological applications

Important Dates

Submission Deadline: **Dec.20, 2019**

Publication Deadline: **Feb. 20, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
