

Fate of Glyphosate via Plant and Soil Systems

Lead Guest Editor: Aman Sharma

Affiliation: University of Sydney, Sydney, Australia

Position:

Research Interests:

Journal of Health and Environmental Research (<http://www.healthenv.org>) is really excited to announce the new special issue *Fate of Glyphosate Via Plant And Soil Systems* (<http://healthenv.org/sinfo/344005>). This Special Issue represents an effort to capture current developments in Glyphosate via Plant and Soil Systems. Novel insights as well as fundamental research and analyses around the topics are welcomed. We are eagerly looking forward to seeing various Author's submissions along with their ingenious works.

Call for Paper

Potential authors are humbly requested to submit an electronic copy of their complete manuscript by

<http://healthenv.org/submission>

Submission Deadline	Oct. 30, 2019
Publication Deadline	Dec. 30, 2019

Topics of Interest include (but not limited to):

- ♦ Organic molecule
- ♦ Soil systems
- ♦ Glyphosate
- ♦ Sorption behavior and contamination of water bodies
- ♦ Weeds
- ♦ Diseases due to water pollution by organic molecules

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
