

**Special Issue on**

**Membrane Bioreactors: Recent Advances in Membrane Fouling Control**

# Call For Papers

A new Special Issue *Membrane Bioreactors: Recent Advances in Membrane Fouling Control* (<http://www.ajcbe.org/sinfo/365003>) has been launched in *American Journal of Chemical and Biochemical Engineering* (<http://www.ajcbe.org>). This Special Issue intends to collect research achievements concerning Membrane Bioreactors. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

## Lead Guest Editor

Lead Guest Editor: Maryam Amini

Affiliation: Department of Biotechnology, Lakehead University, Thunder Bay, Canada

## Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://www.ajcbe.org/submission>

## Topics of Interest Include (but not limited to):

- ◆ Membrane photobioreactor
- ◆ Membrane fouling
- ◆ Design enhancement
- ◆ Membrane bioreactor
- ◆ Surface modification
- ◆ Water and wastewater treatment

## Important Dates

Submission Deadline: **Apr. 15, 2020**

Publication Deadline: **Jun. 15, 2020**

## Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
