

Special Issue on Recent Advances in Flotation Process

Call For Papers

A new Special Issue *Recent Advances in Flotation Process* (<http://ijmpem.org/sinfo/371001>) has been launched in *International Journal of Mineral Processing and Extractive Metallurgy* (<http://www.ijmpem.org>). This Special Issue intends to collect research achievements concerning Flotation Process. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

Lead Guest Editor

Lead Guest Editor: Fardis Nakhaei

Affiliation: Department of Mining Engineering and Metallurgy, Amirkabir University, Tehran, Iran

Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://www.ijmpem.org/submission>

Topics of Interest Include (but not limited to):

- ♦ Minerals flotation (sulfide oxides, silicates, sparingly soluble minerals, iron minerals, rare earth minerals, etc.)
- ♦ Mineral chemistry (surface reactivity, surface broken bonds, surface energy, wettability, surface hydration, surface charge, etc.)
- ♦ Reagents (collectors, depressants, dispersants, etc.)
- ♦ Surface chemistry
- ♦ Flotation kinetics
- ♦ Mineral/reagent interaction
- ♦ Bioflotation
- ♦ Environmental issues
- ♦ Fine particles
- ♦ Control and modeling
- ♦ Optimization

Important Dates

Submission Deadline: **Nov. 25, 2019**

Publication Deadline: **Jan. 25, 2020**

Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
