

# Special Issue on Urban Forestry and Sustainable Development of Urban Ecosystem

## Call For Papers

A new Special Issue *Urban Forestry and Sustainable Development of Urban Ecosystem* (<http://www.ajpb.org/sinfo/612005>) has been launched in *American Journal of Plant Biology* (<http://www.ajpb.org>). This Special Issue intends to collect research achievements concerning Urban Ecosystem. Novel insights as well as fundamental research on the topics are warmly welcomed. Your submissions along with your ingenious works are expected.

### Lead Guest Editor

Lead Guest Editor: Jiyou Zhu

Affiliation: Key Laboratory for Forest Silviculture and Conservation of Ministry of Education, Research Center for Urban Forestry, Beijing Forestry University, Beijing, China

### Paper Submission

Potential authors are humbly requested to submit an electronic copy of their complete manuscript via <http://www.ajpb.org/submission>

### Topics of Interest Include (but not limited to):

- ◆ Impact of urban heat island effect on urban plant growth and its biodiversity
- ◆ Influence of urban hardened surface expansion on urban greening plant growth
- ◆ Urban green space to alleviate air pollution
- ◆ Impact of land use on plant composition of urban open space
- ◆ Driving forces for changes in plant composition in urban open spaces
- ◆ Plant growth physiological changes under the background of urban warming
- ◆ Impact of urbanization intensity on urban greening plants
- ◆ Impact of urban environmental change on urban ecosystem health and sustainability

### Important Dates

Submission Deadline: **Jul. 31, 2020**  
Publication Deadline: **Sep. 30, 2020**

### Join as Guest Editor

For scholars who have intention to join the special issue as guest editor, please check out the link below:
